JIM TIBBETS WWC # 1782
TIBBETS WELL DRILLING
81858 WINSLOW ROAD
DUFUR, OREGON 97021-3143

The Special Standards Request Form you submitted for owner: C & F Orchards, Start Card number 206346 is hereby approved for the following: You may remove your drilling machine from this well site prior to completing the well as described on your Special Standards Request Form. *A condition of this Special Standards Request approval is that a drilling machine returns to the well site to complete the well on or before March 31, 2018.* All other well construction and abandonment standards apply. A copy of your Special Standards Request Form is enclosed.

Verbal approval of this Special Standards Request was provided on January 19, 2018.

The Well Construction Standards serve to protect ground water resources. By approving and issuing this special construction standard the Oregon Water Resources Department is not representing that a well, constructed in accordance with this condition will maintain structural integrity or that it meets engineering standards. The well constructor/or landowner is responsible for ensuring that a well is constructed in a manner that protects ground water resources as required under Oregon Administrative Rules 690-200 through 690-240.

If you have any questions concerning this letter, I may be contacted at (503) 986-0852, or by e-mail at Joel.W.Jeffery@oregon.gov.

Sincerely,

Joel Jeffery, Coordinator
Well Construction Program
Well Construction and Compliance Section

Enclosure

cc: Erik Thomasser, Well Inspector, North Central Region
File

This is a final order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

OWRD

- (7) Diagram showing the pertinent features of the proposed well design and construction:
(attach additional pages if needed)

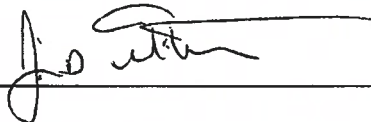

PLAN ON MOVING BACK ONTO WELL BY MARCH 31 2018

PLEASE NOTE:

- (1) The Well Construction Standards serve to protect ground water resources. By approving and issuing this special construction standard the Oregon Water Resources Department is not representing that a well constructed in accordance with this condition will maintain structural integrity or that it meets engineering standards. The well constructor/or landowner is responsible for ensuring that a well is constructed in a manner that protects ground water resources as required under Oregon Administrative Rules 690-200 through 690-240.
- (2) If it should be determined at some future date that the well, due to its construction, is allowing ground water contamination, waste or loss of artesian pressure, the undersigned shall return to the site and rectify the problem.
- (3) If oral approval was granted, a written request must be submitted to the Department either within three (3) working days of the date of oral approval or prior to the completion of the associated well work. Failure to submit a written request as described above may void prior oral approval.

I have read and understand the above information. I further attest that the information provided is accurate to the best of my knowledge.
