TERREBONNE, OR 97760

## FINAL ORDER

Dear Mr. Abbas:

The Special Standards Request Form you submitted for owner: Avion Water, Start Card number: 1060589, is hereby approved for the following: You may decommission this water supply well (DESC 6503) as outlined on your Special Standards Request Form dated April 5, 2023. All other well abandonment standards apply as required under Oregon Administrative Rules 690-220. A copy of your Special Standards Request Form is enclosed.

Approval of this Special Standards Request was granted on April 5, 2023, due to the photos you provided showing the lack of drilling machine access to the well location.

Verbal approval for the Special Standards Request was provided on April 5, 2023.

The Well Construction Standards serve to protect ground water resources. By approving and issuing this special construction standard the Oregon Water Resources Department is not representing that a well constructed in accordance with this condition will maintain structural integrity or that it meets engineering standards. The well constructor/or landowner is responsible for ensuring that a well is constructed in a manner that protects ground water resources as required under Oregon Administrative Rules 690-200 through 690-240.

If you have any questions concerning this letter, I may be contacted at (503) 302-8618, or by e-mail at [Tommy.K.Laird@water.oregon.gov](mailto:Tommy.K.Laird@water.oregon.gov).

Sincerely,

Tommy Laird  
Well Construction Program  
Well Construction Section

enclosure

cc: Byron Ebner, Well Inspector, Southcentral Region

**This is a FINAL ORDER other than contested case. This final order is subject to judicial review under ORS 183.484. Any petition for judicial review of the final order must be filed within the time specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.**

# Special Standards Request Form

## REQUEST FOR WRITTEN APPROVAL TO USE CONSTRUCTION METHODS NOT INCLUDED IN OREGON ADMINISTRATIVE RULES 690-200 THROUGH 690-240

Before the request can be considered, this form must be completed. Requests shall be submitted to the Well Construction Program Coordinator, Water Resources Department, 725 Summer Street NE, Suite A, Salem OR 97301-1266. Requests may also be considered by the appropriate Regional Manager.

Date of request: 4/5/23 Oral approval date (if applicable): 4-5-23

Bonded Well Constructor (name, license #, and mailing address): Jack Abbas

#1720 po. Box 2130 Terrebonne OR 97760

(1) Location of Well: \_\_\_\_\_ 1/4 \_\_\_\_\_ 1/4 Tax lot 3600 Section 23,  
 Township 21 S N, Range 9E ~~WE~~, Desch County  
 Address at well site: Desc #6503

(2) Start Card Number(s)(for work to be done): 1060589

(3) Name and Address of Land Owner: Avion Water

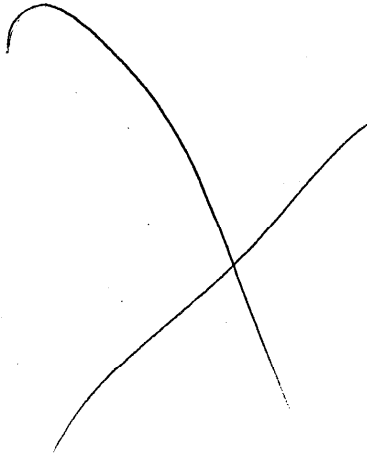

(4) Distance to the nearest septic tank, drainfield, closed sewage line (if water supply well)  
200+

(5) The unusual site conditions which necessitate this request: In a pump house  
with new well controls can not get a Rig over hole.

donot want cement to flow into new well  
when we drilled new well we were blowing water out of old well  
 (6) The proposed construction methods that the bonded well constructor believes will be adequate for this well: (attach additional pages if needed)

pose and prob Bentivist from bottom to top of  
Well

- (7) Diagram showing the pertinent features of the proposed well design and construction:  
(attach additional pages if needed)

---

PLEASE NOTE:

- (1) The Well Construction Standards serve to protect ground water resources. By approving and issuing this special construction standard the Oregon Water Resources Department is not representing that a well constructed in accordance with this condition will maintain structural integrity or that it meets engineering standards. The well constructor/or landowner is responsible for ensuring that a well is constructed in a manner that protects ground water resources as required under Oregon Administrative Rules 690-200 through 690-240.
- (2) If it should be determined at some future date that the well, due to its construction, is allowing ground water contamination, waste or loss of artesian pressure, the undersigned shall return to the site and rectify the problem.
- (3) If oral approval was granted, a written request must be submitted to the Department either within three (3) working days of the date of oral approval or prior to the completion of the associated well work. Failure to submit a written request as described above may void prior oral approval.

I have read and understand the above information. I further attest that the information provided is accurate to the best of my knowledge.
