SAM KINGREY WWC/MWC #1899 DOWN RIGHT DRILLING & PUMP INC 6025 LITTLE FREEZEOUT RD CALDWELL, ID 83607

FINAL ORDER

Dear Mr. Kingrey:

The Special Standards Request Form you submitted for owner: City of Coburg, Start Card number 1061308, is hereby approved for the following: You may temporarily remove your drilling machine from this well site as described on your Special Standards Request Form dated December 18, 2023. *The stipulation of this approval is that the drilling machine must be returned to this well site no later than January 31, 2024.* All other well construction standards apply as required under Oregon Administrative Rules 690-210. A copy of your Special Standards Request Form is enclosed.

Verbal approval of this Special Standards Request was provided on December 18, 2023.

The Well Construction Standards serve to protect ground water resources. By approving and issuing this special construction standard the Oregon Water Resources Department is not representing that a well constructed in accordance with this condition will maintain structural integrity or that it meets engineering standards. The well constructor/or landowner is responsible for ensuring that a well is constructed in a manner that protects ground water resources as required under Oregon Administrative Rules 690-200 through 690-240.

If you have any questions regarding this letter, I may be contacted at (503) 302-8618, or by e-mail at tommy.k.laird@water.oregon.gov.

Sincerely,

ann

Tommy Laird Well Construction Program Coordinator Well Construction Section

enclosure

cc: Jon Sanfilippo, Well Inspector, East Region

This is a FINAL ORDER other than contested case. This final order is subject to judicial review under ORS 183.484. Any petition for judicial review of the final order must be filed within the time specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

Oregon Water Resources Department 725 Summer Street NE, Suite A Salem, OR 97301-1266 (503) 986-0900 (503) 986-0902 Fax wrd_dl_wcc@water.oregon.gov

Special Standards Request Form

REQUEST FOR WRITTEN APPROVAL TO USE CONSTRUCTION METHODS NOT INCLUDED IN OREGON ADMINISTRATIVE RULES 690-200 THROUGH 690-240

Before the request can be considered, this form must be completed. Requests shall be submitted to the Well Construction Program Coordinator, Water Resources Department, 725 Summer Street NE, Suite A, Salem, OR 97301-1266. Requests may also be considered by the Well Construction Section Manager or Well Construction Compliance Coordinator.

Date of request:	12/18/2023	Oral approval date (if applicable):12/18/2023

8) Type of Work (N						
9) Distance to Near	est Septic Tank	, Drain Field, Cl	osed Sewage I	Line, and Clo	osed Stor	m
Drainage System						

- (10) The Unusual Site Conditions Which Necessitate this Request: Well is off the edge of the hill, raining and snowing, we pulled off to set casing and pump seal. Can't get back on until it freezes.
- (11) The Proposed Construction Methods the Bonded Well Constructor Believes will be

Adequate for this Well (attach additional pages if needed): No Change in standards only waiting for

weather to change so we can get rig back on well

- (12) Attach a Site Map Showing the Relationship of the Well(s) to Any Existing Septic Tank, Drainfield, Closed Sewage Line, and Closed Storm Drainage System if the Request is to Place a Water Supply Well Within the Minimum Setbacks Detailed in OAR 690-210-0030.
- (13) If the Request is to Abandon a Monitoring Well In-Place, Then the Most Current Water Quality Analytical Data Must be Provided.
- (14) Monitoring Well Special Standard Requests Must Provide Oregon Department of Environmental Quality Site or Facility Identification Number and No Further Action (NFA) Decision (if applicable).
- (15) Diagram showing the pertinent features of the proposed well design and construction (attach additional pages if need):

PLEASE NOTE:

- (1) The Well Construction Standards serve to protect ground water resources. By approving and issuing special construction standards, the Oregon Water Resources Department is not representing that a well constructed in accordance with this condition will maintain structural integrity or that it meets engineering standards. The well constructor or landowner is responsible for ensuring that a well is constructed in a manner that protects groundwater resources as required under Oregon Administrative Rules 690-200 through 690-240.
- (2) If it should be determined at some future date that the well, due to its construction, is allowing groundwater contamination, waste or loss of artesian pressure, the undersigned shall return to the site and rectify the problem.
- (3) If oral approval was granted, a written request must be submitted to the Department either within three (3) working days of the date of oral approval or prior to completion of the associated well work. Failure to submit a written request as described above may void prior oral approval.

I have read and understand the above information. I further attest that the information provided is accurate to the best of my knowledge.
