MOLALLA, OR 97038

FINAL ORDER

Dear Mr. Stadel:

The Special Standards Request Form you submitted for owner: Collin Randall, Start Card number 1072134, is hereby approved for the following: You may temporarily remove your drilling machine from this well site as described on your Special Standards Request Form dated January 17, 2024. ***The stipulation of this approval is that the drilling machine must be returned to this well site no later than February 29, 2024.*** All other well construction standards apply as required under Oregon Administrative Rules 690-210. A copy of your Special Standards Request Form is enclosed.

Verbal approval of this Special Standards Request was provided on January 16, 2024.

The Well Construction Standards serve to protect ground water resources. By approving and issuing this special construction standard the Oregon Water Resources Department is not representing that a well constructed in accordance with this condition will maintain structural integrity or that it meets engineering standards. The well constructor/or landowner is responsible for ensuring that a well is constructed in a manner that protects ground water resources as required under Oregon Administrative Rules 690-200 through 690-240.

If you have any questions regarding this letter, I may be contacted at (503) 302-8618, or by e-mail at tommy.k.laird@water.oregon.gov.

Sincerely,

Tommy Laird
Well Construction Program Coordinator
Well Construction Section

cc: Ryan Pillsbury, Well Inspector, Northwest Region
Josh Lucas, Well Inspector, Northwest Region

This is a FINAL ORDER other than contested case. This final order is subject to judicial review under ORS 183.484. Any petition for judicial review of the final order must be filed within the time specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

Special Standards Request Form

REQUEST FOR WRITTEN APPROVAL TO USE CONSTRUCTION METHODS NOT INCLUDED IN OREGON ADMINISTRATIVE RULES 690-200 THROUGH 690-240

Before the request can be considered, this form must be completed. Requests shall be submitted to the Well Construction Program Coordinator, Water Resources Department, 725 Summer Street NE, Suite A, Salem OR 97301-1266. Requests may also be considered by the appropriate Regional Manager.

Date of request: 1-17-2024 **Oral approval date (if applicable):** 1-16-2024

Bonded Well Constructor (name, license #, and mailing address): _____

Steven N Stadel, Westerberg Drilling Inc, #688, PO Box 1228 Molalla, OR 97038

(1) Location of Well: NW 1/4 NE 1/4 Tax lot 100 Section 28,
Township 2S N, Range 3E W, Clackamas County
Address at well site: 16268 S Babler Rd, Oregon City, OR 97045

(2) Start Card Number(s)(for work to be done): 1072134

(3) Name and Address of Land Owner: Collin Randall
16268 S Babler Rd, Oregon City, OR 97045

(4) Distance to the nearest septic tank, drainfield, closed sewage line (if water supply well)
100' +

(5) The unusual site conditions which necessitate this request: _____
Approx 6 week lag time to get well screen after ordering. Requesting variance to move drill rig off site
and re-mobilize after getting well screen.

(6) The proposed construction methods that the bonded well constructor believes will be adequate for this well: (attach additional pages if needed)
16" temporary casing to 120'+
10" casing to 380 ft
Plate covering annular space between 16" & 10" casing, steel cover over 10" casing

- (7) Diagram showing the pertinent features of the proposed well design and construction:
(attach additional pages if needed)

PLEASE NOTE:

- (1) The Well Construction Standards serve to protect ground water resources. By approving and issuing this special construction standard the Oregon Water Resources Department is not representing that a well constructed in accordance with this condition will maintain structural integrity or that it meets engineering standards. The well constructor/or landowner is responsible for ensuring that a well is constructed in a manner that protects ground water resources as required under Oregon Administrative Rules 690-200 through 690-240.
- (2) If it should be determined at some future date that the well, due to its construction, is allowing ground water contamination, waste or loss of artesian pressure, the undersigned shall return to the site and rectify the problem.
- (3) If oral approval was granted, a written request must be submitted to the Department either within three (3) working days of the date of oral approval or prior to the completion of the associated well work. Failure to submit a written request as described above may void prior oral approval.

I have read and understand the above information. I further attest that the information provided is accurate to the best of my knowledge.
