Pendleton, Oregon 97801

Re: Water Supply Well Start Card Number; 1033154, Vandenbrink

Dear Mr. Zollman,

Thank you for your request to the Water Resources Department to extend the time to repair or complete the Vandenbrink well. In light of the circumstances presented in your correspondence dated February 28, 2017, the Department has determined that you may have until May 1, 2017 to repair, complete the construction, or permanently decommission the mentioned well. This is an extension of the time granted to you earlier.

Thank you for your cooperation in this matter. Please repair, complete the construction or permanently decommission the well by your requested May 1, 2017 deadline. If you have any questions, please contact me @ (503) 986-0852 or by email at [Joel.W.Jeffery@oregon.gov](mailto:Joel.W.Jeffery@oregon.gov). I look forward to working with you to get this matter resolved.

Sincerely,

Joel W. Jeffery, Coordinator  
Well Construction Program  
Well Construction and Compliance Section

RE: Start Card #1033154 John Vandenbrink

Joel,

I am asking for an extension of time for Mr. Vandenbrink's well that is in need of repair or final construction to meet the requirements submitted to us by the OWRD.

Due to the unusual winter we have not been able to access the well in the last 2 months and Mr. Vandenbrink has not given us an approval to do work as he is contemplating the final construction process.

I last spoke with Mr. Vandenbrink on Feb. 24, 2017 and delivered to his office our latest cost and repair proposals as listed in the Special Standard Request dated 11-2-2016.

He is reviewing this information and will get back to us with his desire.

I am asking for a 2 month (May 1, 2017) extension to our Special Standard Request dated 11-2-2016.

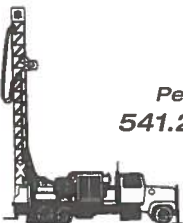

Sincerely,

  
Garry L. Zollman
