Note:

Certificate of water right issued to Miles Lee, T. N. Braxton, J. M. Polley, W. J. Polley and J. I. Polley and recorded at page 3527, Volume 4, State Record of Water Right Certificates, confirms a right to the use of water for irrigation of 1310 acres. Subsequently, the right to the use of water appurtenant to 160 acres as transferred by order of the State Engineer entered February 2, 1961, and certificate recorded at page 29159, Volume 21, State Record of Water Right Certificates, was issued to confirm the remaining right to the use of water for irrigation. A clerical error was made in the original certificate and the superseding certificate describing the use of water for supplemental irrigation only. The right as completed under permit No. 1713 was for irrigation of 20 acres and supplemental irrigation of the balance of 1130 acres. This certificate is issued to correct the records and supersedes the certificate recorded at page 29159, Volume 21, State Record of Water Right Certificates.

*The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein described.*

WITNESS the signature of the State Engineer, affixed

this 13<sup>th</sup> day of June, 19 62

CHRIS L. WHEELER

State Engineer
