of 15301 Airlie Rd., Monmouth, State of Oregon, 97361, has made proof to the satisfaction of the Water Resources Director, of a right to the use of the waters of unnamed drainageway and reservoir constructed under Permit No. R-5928

a tributary of Little Luckiamute River for the purpose of stock and irrigation of 15.1 acres

under Permit No. 36606 and that said right to the use of said waters has been perfected in accordance with the laws of Oregon; that the priority of the right hereby confirmed dates from November 12, 1971

or its equivalent in case of rotation, measured at the point of diversion from the stream. The point of diversion is located in the NE $\frac{1}{4}$  NE $\frac{1}{4}$ , as projected within D. In processing the application towards issuance of the permit, it appears that a clerical error was inadvertently made in limiting the duty of water to not exceed 1/40th of one cubic foot per second per acre and 2 $\frac{1}{2}$  acre feet per acre. In the issuance of this certificate, the rate of water has been reduced to 1/80th cubic foot per second per acre and 2 $\frac{1}{2}$  acre feet per acre for each acre irrigated during the irrigation season of each year, in keeping with the customary policy and determination of this office of the proper maximum limits.

*The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein described. and is subject to the existing minimum flow policies established by the Water Policy Review Board.*
