This Is to Certify, That ROBERTO FLORIANI

of 30 Trail Lane, Woodside, State of California 94062, has made proof to the satisfaction of the Water Resources Director, of a right to the use of the waters of Skull Creek and reservoir constructed under Permit No. R-796

a tributary of Catlow Valley for the purpose of irrigation of 19.2 acres and supplemental irrigation of 24.6 acres

under Permit No. 32944 and that said right to the use of said waters has been perfected in accordance with the laws of Oregon; that the priority of the right hereby confirmed dates from September 25, 1967

or its equivalent in case of rotation, measured at the point of diversion from the stream. The point of diversion is located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 20; NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 21, T. 36 S., R. 32 $\frac{3}{4}$ E., W.M.; Creek - 3580 feet North and 150 feet West; Reservoir - 2450 feet North and 2500 feet East; both from the SE Corner, Section 20

Section 20

T. 36 S., R. 32 $\frac{3}{4}$ E., W.M.

In processing the application towards issuance of the permit, it appears that a clerical error was inadvertently made in limiting the duty of water to not exceed one-eightieth of one cubic foot per second per acre and 3 acre feet per acre. In the issuance of this certificate, the duty of water has been raised to one-fortieth of one cubic foot per second per acre and 3 acre feet per acre for each acre irrigated during the irrigation season of each year, in keeping with the customary policy and determination of this office of the proper maximum limits.

The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein described, and is subject to the existing minimum flow policies established by the Water Policy Review Board.
