COUNTY OF

KLAMATH

CERTIFICATE OF WATER RIGHT

This is to certify, That J. RANDALL POPE

of HC 62, Box 28, Merrill, State of Oregon 97633, has made proof to the satisfaction of the Water Resources Director, of a right to the use of the waters of Hollow Two Well

a tributary of Lost River for the purpose of irrigation of 7.5 acres and supplemental irrigation of 190.5 acres

under Permit No. G-6544 and that said right to the use of said waters has been perfected in accordance with the laws of Oregon; that the priority of the right hereby confirmed dates from August 7, 1975 that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually beneficially used for said purposes, and shall not exceed 2.28 cubic feet per second

or its equivalent in case of rotation, measured at the point of diversion from the well. The well is located in the SW 1/4 SE 1/4, Section 29, T40S, R11E, WM; 42 feet North and 2,304 feet West from SE Corner Section 29.

The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, shall be limited to one-eightieth of one cubic foot per second per acre, or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3.0 acre-feet per acre for each acre irrigated during the irrigation season of each year

and shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use under the right hereby confirmed, and to which such right is appurtenant, is as follows:

In processing the application towards issuance of the permit, it appears that a clerical error was inadvertently made in limiting the duty of water to not exceed 1/80th of one cubic foot per second per acre and 2.5 acre-feet per acre. In the issuance of this certificate, the duty of water has been raised to 1/80th cubic foot per second per acre and 3.0 acre-feet per acre for each acre irrigated during the irrigation season of each year, in keeping with with the customary policy and determination of this office of the proper maximum limits.

*The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein described.*
