In processing the application towards issuance of the permit, it appears that a clerical error was inadvertently made in limiting the total number of acres involved by not including the 75.0 acres listed on the application as "supplemental to Permit 30789". In the issuance of this certificate, these lands have been included, in keeping with the customary policy and determination of this office.

The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein described.
