This is to Certify, That **B. C. BOSTWICK**

of **Williams**, State of **Oregon**, has made proof to the satisfaction of the STATE ENGINEER of Oregon, of a right to the use of the waters of a tributary of **Applegate River** ^{**Fiddlers Gulch**} for the purpose of the irrigation of **15 acres** of land under Permit No. **3974** of the State Engineer, and that said right to the use of said waters has been perfected in accordance with the laws of Oregon; that the priority of the right hereby confirmed dates from **September 10, 1918;**

that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually beneficially used for said purposes, and shall not exceed **0.20 cubic foot per second;**

The use hereunder for irrigation shall conform to such reasonable rotation system as may be ordered by the proper state officer.

The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, shall be limited to one-eightieth of one cubic foot per second per acre, or its equivalent in case of rotation.

A description of the lands irrigated under the right hereby confirmed, and to which such right is appurtenant (or, if for other purposes, the place where the water is put to beneficial use), is as follows: **15 acres in the Southwest Quarter of the Northwest Quarter of Section Eleven, Township Thirty-nine South, Range Five West of Willamette Meridian, in Josephine County, Oregon.**

(NOTE: This certificate is issued to correct and supersede that certain certificate issued November 1st, 1920, under the above permit, and recorded in State Record of Water Right Certificates, Volume 4, Page 2865, said former certificate having erroneously described the land actually irrigated under the above permit number 3974 by the State Engineer.)

The right to the use of the water for irrigation purposes is restricted to the lands or place of use herein described.

Rights to the use of water for power purposes are limited to a period of forty years from the date of priority of the right, as herein set forth, subject to a preference right of renewal under the laws existing at the date of the expiration of the right for power purposes, as hereby confirmed and limited.

WITNESS the signature of the State Engineer,

affixed this **23rd** day
of **January**, **1925.**
