## CERTIFICATE OF WATER RIGHT

**This is to certify, That** TRAVELERS INSURANCE COMPANY

of Suite 200A - 4 Orinda Way, Orinda, State of CA 94563, has made  
proof to the satisfaction of the Water Resources Director, of a right to the use of the waters of  
a well

a tributary of Umatilla River for the purpose of  
irrigation of 43.4 acres

under Permit No. G-10429 and that said right to the use of said waters has been perfected in  
accordance with the laws of Oregon; that the priority of the right hereby confirmed dates from  
July 12, 1984

that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is  
limited to an amount actually beneficially used for said purposes, and shall not exceed  
0.54 cubic foot per second

or its equivalent in case of rotation, measured at the point of diversion from the well. The well is  
located in the SW 1/4 SE 1/4, Section 20, T4N, R29E, WM; 1050 feet  
North and 50 feet East from S 1/4 Corner, Section 20.

The amount of water used for irrigation, together with the amount secured under any other right  
existing for the same lands, shall be limited to one-eightieth of one cubic foot per second  
per acre, or its equivalent for each acre irrigated and shall be further limited  
to a diversion of not to exceed 3 acre-feet per acre for each acre irrigated  
during the irrigation season of each year, provided further that in the event  
of a request for a change in point of appropriation, an additional point of  
appropriation or repair of this well, the quantity of water allowed herein  
together with any other right from this point of appropriation shall not  
exceed the capacity of this well at the time of perfection of this right.

and shall  
conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use under the right hereby confirmed, and to which such right is  
appurtenant, is as follows:

33.2 acres NW 1/4 SW 1/4  
10.0 acres SW 1/4 SW 1/4  
Section 20  
Township 4 North, Range 29 East, WM

In processing the application towards issuance of the permit, it appears that a clerical error was inadvertantly made in only limiting the duty of water to not exceed one-eightieth of one cubic foot per second per acre. In the issuance of this certificate, the duty of water has been amended to include 3 acre-feet per acre for each acre irrigated during the irrigation season of each year, in keeping with the customary policy and determination of this office of the proper maximum limits.

*The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein described.*
