

## STATE OF OREGON

COUNTY OF

DOUGLAS

## CERTIFICATE OF WATER RIGHT

**This is to certify,** *That* MICHAEL AND DIANA RAINWATER

of Route 1, Box 174, Riddle, State of OR 97469, has made proof to the satisfaction of the Water Resources Director, of a right to the use of the waters of Cow Creek

a tributary of South Umpqua River for the purpose of irrigation of 0.8 acre

under Permit No. 43984 and that said right to the use of said waters has been perfected in accordance with the laws of Oregon; that the priority of the right hereby confirmed dates from February 27, 1979 that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually beneficially used for said purposes, and shall not exceed 0.01 cubic foot per second

or its equivalent in case of rotation, measured at the point of diversion from the stream. The point of diversion is located in the SW 1/4 NE 1/4, Section 24, T30S, R6W, WM; 750 feet North and 450 feet East from SE corner Vandenbosch DLC 47.

The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, shall be limited to one-seventieth of one cubic foot per second per acre, or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3.5 acre-feet per acre for each acre irrigated during the irrigation season of each year,

and shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use under the right hereby confirmed, and to which such right is appurtenant, is as follows:

0.8 acre SW 1/4 NE 1/4  
Section 24  
Township 30 South, Range 6 West, WM

In processing the application towards issuance of the permit, it appears that a clerical error was inadvertently made in limiting the duty of water to 2 1/2 acre-feet per acre. In the issuance of this certificate the duty of water has been corrected to 3 1/2 acre-feet per acre for each acre irrigated during the irrigation season of each year, in keeping with the customary policy and determination of this office of the proper maximum limits,

The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein described and is subject to minimum flows established by the Water Resources Commission with an effective date prior to this right.
