This certificate is issued to confirm a change in POINT OF APPROPRIATION approved by an order of the Water Resources Director entered OCTOBER 28, 1980, and supersedes Certificate 48101, State Record of Water Right Certificates.

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

The following provisions shall be effective when in the judgment of the Watermaster it becomes necessary to install headgates and measuring devices:

the diversion works shall include an in-line flow meter, a weir, or other suitable device for measuring the water to which the wateruser is entitled;

the type and plans of the measuring device be approved by the Watermaster before the beginning of construction work and that the weir or measuring device be installed under the general supervision of said Watermaster.

The well shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

The right to use water for the above purpose is restricted to beneficial use on the lands or place of use described.

WITNESS the signature of the Water Resources Director, affixed OCTOBER 10 , 1995.

Martha O. Pagel

Recorded in State Record of Water Right Certificates numbered 68620.
