The well shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

This use may be regulated if analysis of data available discloses that the appropriation will measurably reduce the surface water flows necessary to maintain the free-flowing character of a scenic waterway in quantities necessary for recreation, fish and wildlife in effect as of the priority date of this right or as those quantities may be subsequently reduced.

This certificate describes that portion of the water right confirmed by Certificate 65151, State Record of Water Right Certificates, NOT modified by the provisions of an order of the Water Resources Director entered ~~\_\_\_\_\_~~ **NOV 02 1998**, approving Transfer Application 8026

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

WITNESS the signature of the Water Resources Director, affixed NOV 02 1998.
