

STATE OF OREGON

COUNTY OF MARION

CERTIFICATE OF WATER RIGHT

THIS CERTIFICATE ISSUED TO

RICHARD C. WIENER
9365 SUNNYVIEW RD NE
SALEM, OREGON 97301

confirms the right to store the waters of PUDDING RIVER, a tributary of MOLALLA RIVER, in A RESERVOIR, for FISH AND WILDLIFE.

The right to store these waters was perfected under Reservoir Permit R-11663. The date of priority is JUNE 20, 1995. The amount of water entitled to be stored each year under this right is not more than 0.44 acre-feet. **The appropriation of water is limited to the period of November 1 through April 30 of each year.**

The reservoir is located as follows:

SE 1/4 SE 1/4
AS PROJECTED WITHIN ENGLISH DLC 67
SECTION 13
TOWNSHIP 7 SOUTH, RANGE 2 WEST, W.M.

The right to store and use the water for the above purpose is restricted to beneficial use at the place of use described.

Measurement, recording and reporting conditions:

- A. The Director may require the water user to install a meter or other suitable measuring device as approved by the Director. If the Director notifies the water user to install a meter or other measuring device, the water user shall install such device within the period stated in the notice. Such installation period shall not be less than 90 days unless special circumstances warrant a shorter installation period. Once installed, the water user shall maintain the meter or measuring device in good working order and shall allow the watermaster access to the meter or measuring device. The Director may provide an opportunity for the water user to submit alternative measuring procedures for review and approval.
- B. The Director may require the water user to keep and maintain a record of the amount (volume) of water used and may require the water user to report water use on a periodic schedule as established by the Director. In addition, the Director may require the water user to report general water use information, the periods of water use and the place and nature of use of water under the right. The Director may provide an opportunity for the water user to submit alternative reporting procedures for review and approval.

The water user shall maintain and operate fish screening and by-pass devices as required by the Oregon Department of Fish and Wildlife to prevent fish from entering the diversion.

The water user shall comply with state and federal water quality standards.

Use under this right is limited to the reservoir area. **This right does not provide for the appropriation of water for maintaining the water level or maintaining a suitable fresh water condition between May 1 through October 31 of each year.**

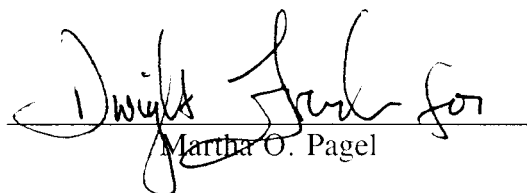

Failure to comply with any of the provision of this right may result in action including, but not limited to, restrictions on the use, civil penalties, or cancellation of the right.

The right to use water for the above purpose is restricted to beneficial use, without waste, on the lands or place of use described. The water user is advised that new regulations may require use of best practical technologies or conservation practices to achieve this end.

By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

The Director finds the use of water described by this right, as conditioned, will not impair or be detrimental to the public interest.

WITNESS the signature of the Water Resources Director, affixed JUNE 28, 2000.
