This certificate corrects a scrivener's error in the certificate recorded at page 49482, State Record of Water Right Certificates, which inadvertently omitted 5.0 acres in the NW ¼ NW ¼, Section 34, T 6 N, R 35 E, W.M., irrigated under the right.

This certificate describes that portion of the water right confirmed by Certificate 76331, State Record of Water Right Certificates, NOT modified by the provisions of an order of the Water Resources Director entered September 1, 1999, in Volume 53, Page 1191, Special Order Records of the Water Resources Department, approving Allocation of Conserved Water Application 7 and supersedes Certificate 76331.

The issuance of this certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described. The use confirmed herein may be made only at times when sufficient water is available to satisfy all prior rights, including rights for maintaining instream flows.
