SECTION 30  
TOWNSHIP 6 SOUTH, RANGE 38 EAST, W.M.

This is a final order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review of the order must be filed within the 60 days of the date of service.

SUPERSEDED BY

CERT. NO. 83311

T-6218B.SB

Certificate Number 79885

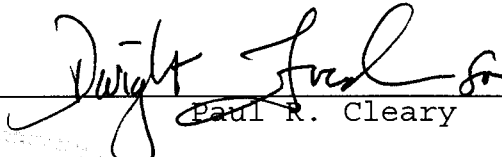

The diversion works shall include a headgate, an in-line flow meter, a weir, or other suitable device for measuring the water and the type and plans of the headgate and measuring device must be approved by the Watermaster before the beginning of construction work and the weir or measuring device be installed under the general supervision of the watermaster.

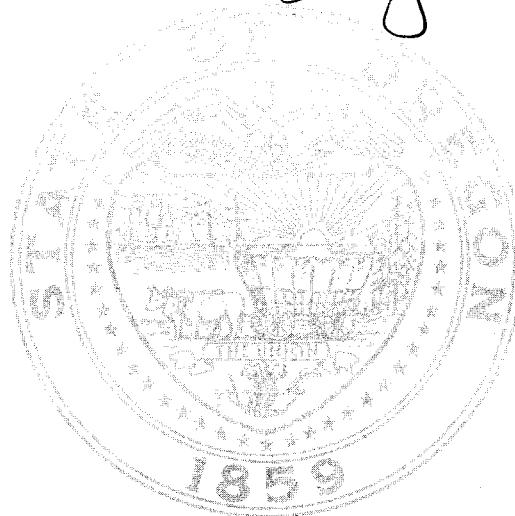

This certificate is issued to confirm a change in POINT OF DIVERSION approved by an order of the Water Resources Director entered DECEMBER 29, 1989, and supersedes Certificate 1531, State Record of Water Right Certificates.

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described and is subject to all other conditions and limitations contained in said decree.

WITNESS the signature of the Water Resources Director,  
affixed March 14, 2003.
