## SECTION 10

TOWNSHIP 3 NORTH, RANGE 26 EAST, W.M.

When required by the Department, the water user or improvement district shall install and maintain a headgate, an in-line flow meter, weir, or other suitable device for measuring and recording the quantity of water diverted. The type and plans of the headgate and measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

When required by the Department, the water user or improvement district shall operate and maintain the headgate and measuring device, as needed. The water user or improvement district shall report total flow figures when requested by the Watermaster. The Watermaster may operate the headgate and monitor accuracy of the measuring device, as needed.

This certificate is issued to confirm a change in PLACE OF USE approved by an order of the Water Resources Director entered NOVEMBER 2, 1998, and together with Certificate 75847, supersedes Certificate 68262, State Record of Water Right Certificates.

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described. The use confirmed herein may be made only at times when sufficient water is available to satisfy all prior rights, including rights for maintaining instream flows.

Issued June 13, 2003.

  
 Paul R. Cleary, Director  
 Water Resources Department
