Water may be applied to lands which are not specifically described above, provided the holder of this right complies with ORS 540.510(3).

The wells shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

When required by the Department, the water user shall install and maintain an in-line flow meter or other suitable device for measuring and recording the quantity of water appropriated. The type and plans of the measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

This certificate describes that portion of the water right confirmed by Certificate 80655, State Record of Water Right Certificates, NOT modified by the provisions of an order of the Water Resources Director entered JUN 07 2004, approving Transfer Application 6852.

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

WITNESS the signature of the Water Resources Director,  
affixed June 7, 2004.

  
for Phillip C. Ward, Acting Director

Recorded in State Record of Water Right Certificates numbered 80755.
