

STATE OF OREGON

COUNTY OF CROOK

CERTIFICATE OF WATER RIGHT

THIS CERTIFICATE ISSUED TO

U. S. BUREAU OF RECLAMATION
1150 N. CURTIS ROAD, SUITE 100
BOISE, IDAHO 83706-1234

This certificate confirms the right to use the waters of the CROOKED RIVER and PRINEVILLE RESERVOIR CONSTRUCTED UNDER PERMIT R-2223, a tributary of the DESCHUTES RIVER for IRRIGATION of 3087.3 ACRES and SUPPLEMENTAL IRRIGATION of 12011.9 ACRES within Ochoco Irrigation District.

The right was perfected under Permit 25991. The date of priority is APRIL 8, 1914. Permit 25991 appropriates water for the Crooked River Project as authorized by Congress under the act of August 6, 1956 (70 Stat. 1058), and authorizes the use of natural flow and stored water on the project lands of the Ochoco Irrigation District for irrigation and supplemental irrigation. Permit R-2223, with a date of priority of April 8, 1914, authorizes storing water in Prineville Reservoir. The storing of water in Prineville Reservoir under Permit R-2223 is secondary to the use of natural flow under Permit 25991 on Crooked River Project lands located within Ochoco Irrigation District.

The right is limited to an amount actually beneficially used and shall not exceed 190.0 CUBIC FEET PER SECOND (cfs), or the equivalent in case of rotation, measured at the point of diversion from the source.

The points of diversion (POD) are located as follows:

This is a final order in other than contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60 day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080 you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

The amount of water used for irrigation together with the amount secured under any other right existing for the same lands is limited to a diversion of ONE-FORTIETH of one cubic foot per second (or the equivalent) for each acre irrigated and shall be further limited to 4.0 acre feet per acre for each acre irrigated during the irrigation season of each year from direct flow and storage from the reservoir constructed under Permit R-2223., and shall be further required to maintain a contract between the Ochoco Irrigation District and the Bureau of Reclamation.

The use shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use to which this right is appurtenant is as follows:

NOTE: Tax lot numbers preceded by an asterisk (*) in the supplemental information column of the following place of use listing denotes that the tax lot extends over more than one quarter-quarter section of land.

Because irrigation and supplemental irrigation water rights on tracts of land less than 5.0 acres in size need not be mapped under ORS 541.329(2)(d) and need only be identified by tax lot number, the irrigation and supplemental irrigation water right by acres is listed and located according to the quarter-quarter in which the largest portion of the tax lot is located.

This Certificate confirms an order of the Director entered on July 27, 2006, and recorded in Special Order Volume 69, Page 170, approving a petition by Ochoco Irrigation District under ORS 541.329 for mapping water rights within the district.

This certificate confirms completion of Transfer Application T-7128, and supersedes Certificate 68395.

The right to the use of the water for the above purposes is restricted to beneficial use on the lands or place of use herein described.

Issued: October 27, 2006
