Certificate 82245 described the water right confirmed by Certificate 81639 not canceled by the order of the Water Resources Director recorded in Special Order Volume 69, Page 119. The errors in Certificate 82245 incorrectly summarized the total acres of water right and the amount of water to which the right is entitled, and incorrectly described the diversion point. This certificate supersedes Certificate 82245.

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.
