SECTION 26

TOWNSHIP 13 SOUTH, RANGE 31 EAST, W.M.

When in the judgement of the Watermaster it becomes necessary to install headgates and measuring devices:

the diversion works shall include an in-line flow meter, a weir, or other suitable device for measuring the water to which the water user is entitled;

the type and plans of the measuring device be approved by the Watermaster before the beginning of construction work and that the weir or measuring device be installed under the general supervision of said Watermaster.

This certificate is issued to confirm a change in PLACE OF USE approved by an order of the Water Resources Director entered MARCH 12, 1987, approving Transfer Application 5867, and together with Certificate 82663, supersedes certificate 53621, State Record of Water Right Certificates.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described and is subject to all other conditions and limitations contained in said decree.

Issued OCT 02 2009
