The well shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

The works shall include an airline and pressure gauge or an access port for a measuring line, adequate to determine the water level elevation in the well at all times.

The water user shall maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The use of water shall be limited when it interferes with any prior surface or ground water rights.

In the event that rights are determined in the Klamath Adjudication for the lands, source, and use(s) involved in this right, the Department will, following review of the rights, proceed to cancel those portions of this right duplicated by the decreed right .
