SECTION 35

TOWNSHIP 14 SOUTH, RANGE 17 EAST, W.M.

The quantity of water diverted at the new point of diversion shall not exceed the quantity of water available at the old points of diversion.

When required by the Department, the water user shall install and maintain headgates, in-line flow meters, weirs, or other suitable devices for measuring and recording the quantity of water diverted. The types and plans of the headgate and measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

The water user shall install and maintain fish screens or fish by-pass devices on the diversion point. Fish screens or by-pass devices must be approved by the Oregon Department of Fish and Wildlife and installed under the general supervision of the Department of Fish and Wildlife.

This certificate is issued to confirm a change in PLACE OF USE AND POINTS OF DIVERSION approved by an order of the Water Resources Director entered MARCH 4, 1999, approving Transfer Application 7509, and supersedes Certificate 55564, State Record of Water Right Certificates.

The right to use of the water for the above purpose is restricted to beneficial use on the lands or place of use described and is subject to all other conditions and limitations contained in the decree.

Issued NOV 23 2007.
