SECTION 17

TOWNSHIP 12 SOUTH, RANGE 23 EAST, W.M.

The quantity of water diverted at the new point of diversion, together with that diverted at the old points of diversion, shall not exceed the quantity of water lawfully available at the original points of diversion.

When required by the Department, the water user shall install and maintain a headgate, an in-line flow meter, weir, or other suitable device for measuring and recording the quantity of water diverted. The type and plans of the headgate and measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

The water user shall install and maintain a fish screen and by-pass device. The type and plans of the screen or by-pass device must be approved by the Oregon Department of Fish and Wildlife and shall be installed under the supervision of the Oregon Department of Fish and Wildlife.

This certificate is issued to confirm AN ADDITIONAL POINT OF DIVERSION approved by an order of the Water Resources Director entered JANUARY 12, 2004, and supersedes Certificate 24904, State Record of Water Right Certificates.

The right to use water for the above purpose is restricted to beneficial use on the lands or place of use described and is subject to all other conditions and limitations contained in the decree.
