NOTICE OF RIGHT TO RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080, you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

The quantity of water diverted at the new points of appropriation (wells), together with the quantity diverted at the old points of appropriation, shall not exceed the quantity of water lawfully available from the original points of appropriation.

When required by the Department the water user shall install in-line flow meters or other suitable devices for measuring and recording the quantity of water used. The types and plans of the measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

This certificate is issued to confirm changes in PLACE OF USE AND POINTS OF APPROPRIATION approved by an order of the Water Resources Director entered March 24, 1999, at Special Order Volume 53, Page 464, approving Transfer Application 7561, and together with Certificate 76055, supercedes Certificate 47921, State record of Water Right Certificates.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

Issued OCT 10 2008

Phillip C. Ward, Director
Water Resources Department
