NOTICE OF RIGHT TO RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.484. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.484(2). Pursuant to ORS 536.075 and OAR 137-004-0080, you may either petition for judicial review or petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

The quantity of water diverted at the new points of diversion shall not exceed the quantity of water available at the old point of diversion, located in the SE¼ SE¼, Section 22, T 8 S, R 19 E, WM; 1350 feet South and 450 feet West from the E¼, Section 22, under the subject right.

When in the judgment of the Watermaster it becomes necessary to install headgates and measuring devices the diversion works shall include an in line flow meter, a weir, or other suitable device for measuring the water to which the water user is entitled. The type and plans of the measuring device be approved by the watermaster before the beginning of construction work and that the weir or measuring device be installed under the general supervision of said watermaster.

This certificate is issued to confirm a change in POINT OF DIVERSION approved by an order of the Water Resources Director entered May 4, 1983, at Special Order Volume 37, Page 222, approving Transfer Application 5185, and supercedes Certificate 25129, State record of Water Right Certificates.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described and is subject to all other conditions and limitations contained in said decree.

Issued MAY 08 2009

Phillip C. Ward, Director
