The use shall conform to such reasonable rotation system as may be ordered by the proper state officer.

The quantity of water diverted at the new point of appropriation (well), together with the quantity diverted at the old point of appropriation, shall not exceed the quantity of water lawfully available from the original point of appropriation.

This certificate is issued to confirm a change in PLACE OF USE, POINT OF APPROPRIATION, AND CHARACTER OF USE approved by an order of the Water Resources Director entered MAY 16, 2002, at Special Order Volume 56, Page 331, approving Transfer Application 8434, and together with Certificate 79472, supercedes Certificate 40893, State record of Water Right Certificates.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

Water may be applied to lands which are not specifically described above, provided the holder of this right complies with ORS 540.510(3).

Issued OCT 02 2009

Phillip C. Ward, Director
Water Resources Department
