This certificate corrects scrivener errors in the certificate recorded at page 81170, State Record of Water Right Certificates. Certificate 81170 erroneously described use limitations and place of use. Certificate 81170 was a correcting certificate issued to supersede Certificate 64859. Certificate 64859 confirmed the change in point of diversion authorized by an order of the director entered on April 9, 1982, and recorded in Special Order Volume 36, pages 101 to 102, approving Transfer Application T-4976. The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described. The use confirmed herein may be made only at times when sufficient water is available to satisfy all prior rights, including rights for maintaining instream flows.
