The quantity of water diverted at the additional point of diversion, together with that diverted at the old point of diversion, shall not exceed the quantity of water lawfully available at the original point of diversion.

The water user shall maintain a headgate, an in-line flow meter, weir, or other suitable device for measuring and recording the quantity of water diverted.

The water user shall maintain a fish screen or fish by-pass device as appropriate, at the new point of diversion.

This certificate is issued to confirm a change in place of use, character of use, and an additional point of diversion approved by an order of the Water Resources Director entered July 20, 2007, at Special Order Volume 72, Page 683, approving Transfer Application 10028, supersedes Certificate 14538, State record of Water Right Certificates.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

Issued NOV 07 2011

  
 Dwight W. French  
 Water Right Services Administrator, for  
 Phillip C. Ward, Director  
 Water Resources Department
