This certificate describes that portion of the water right confirmed by Certificate 87402, State Record of Water Right Certificates, NOT modified by the provisions of an order of the Water Resources Director entered July 9 2012, approving Transfer Application T-9447.

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

Failure to comply with any of the provisions of this right may result in action including, but not limited to, restrictions on the use, civil penalties, or cancellation of the right.

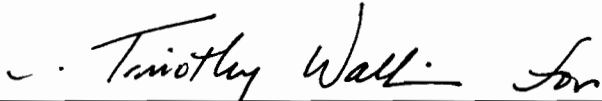

This right is for beneficial use without waste. The water user is advised that new regulations may require the use of best practical technologies or conservation practices to achieve this end.

By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

The use of water allowed herein may be made only at times when sufficient water is available to satisfy all prior water rights, including prior rights for maintaining instream flows.

WITNESS the signature of the Water Resources Director, affixed July 9 2012.
