The amount of water to which this right is entitled is limited to an amount actually beneficially used and shall not exceed a reasonable amount for Domestic and Stock use, and 1.23 cubic feet per second for irrigation, the total quantity being limited to four acre feet per acre during each year, if available at the authorized point of diversion: NO NAME DITCH, or its equivalent in case of rotation, measured at the point or diversion from the source.

The quantity of water diverted at the new point of diversion shall not exceed the quantity of water available at the old point of diversion.

When required by the Department, the water user shall install and maintain headgates, in-line flow meters, weirs, or other suitable devices for measuring and recording the quantity of water diverted. The types and plans of the headgate and measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department

This certificate describes that portion of the water right confirmed by Certificate 83657, State Record of Water Right Certificates, NOT modified by the provisions of an order of the Water Resources Director entered JAN 25 2013, approving Transfer Application T-11465 for a change in place of use.

The water user shall install and maintain fish screens or fish by-pass devices on the diversion point. Fish screens or by-pass devices must be approved by the Oregon Department of Fish and Wildlife and installed under the general supervision of the Department of Fish and Wildlife.

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described and is subject to all other conditions and limitations contained in said decree.

WITNESS the signature of the Water Resources Director, affixed JAN 25 2013.
