The type and plans of the measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

This certificate is issued to confirm a CHANGE IN POINT OF APPROPRIATION approved by an order of the Water Resources Director entered AUGUST 17, 2007, at Special Order Volume 73, Page 106, approving Transfer Application 10316, and supercedes Certificate 74895, State record of Water Right Certificates.
