Water shall be acquired from the same aquifer as the original point of appropriation.

NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW
This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

The quantity of water diverted at the new point of appropriation, shall not exceed the quantity of water available from the original point of appropriation described as follows:
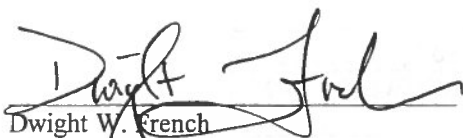

Twp	Rng	Mer	Sec	Q-Q	Measured Distances
5 N	35 E	WM	5	SE NW	NONE GIVEN

When required by the Department the water user shall install and maintain an in-line flow meter or other suitable device for measuring and recording the quantity of water appropriated. The type and plans of the measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

This certificate is issued to confirm a change in ADDITIONAL POINT OF APPROPRIATION approved by an order of the Water Resources Director entered FEBUARY 28, 2006, at Special Order Volume 68, Page 126, approving Transfer Application 9847, and supercedes Certificate 22865, State record of Water Right Certificates.
