The quantity of water diverted at the new point of appropriation (well), shall not exceed the quantity of water available from the original points of appropriation, being Well 1 and Well 5.

When required by the Department, the water user shall install an in-line flow meter or other suitable device for measuring and recording the quantity of water used. The type and plans of the measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

Water shall be acquired from the same aquifer as the original points of appropriation.

This certificate is issued to confirm a change in PLACE OF USE AND ADDITIONAL POINT OF APPROPRIATION approved by an order of the Water Resources Director entered JUNE 24, 1998, at Special Order Volume 52, Page 580, approving Transfer Application 7373, and together with Certificate 75729, supercedes Certificate 63261, State record of Water Right Certificates.
