Prior to October 1, 2016, the water user shall install and maintain a headgate, a weir, or other suitable device for measuring and recording the quantity of water diverted at each point of diversion. The type and plans of the headgate and measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

Prior to October 1, 2016, the water user shall install and maintain a fish screen or fish by-pass device, as appropriate, at the new point of diversion. The type and plans of the screen or by-pass device must be approved by the Oregon Department of Fish and Wildlife prior to beginning of construction, and shall be installed under the supervision of the Department of Fish and Wildlife.

This certificate is issued to confirm a HISTORIC CHANGE IN POINT OF DIVERSION approved by an order of the Water Resources Director entered February 19, 2015, approving Transfer Application T-11848, and supersedes Certificate 15844, State Record of Water Right Certificates.

And said right shall be subject to all other conditions and limitations contained in said decree.

The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein described.

WITNESS the signature of the Water Resources Director, affixed February 19, 2015.
