This certificate describes that portion of the water right confirmed by Certificate 44830, State Record of Water Right Certificates, NOT modified by the provisions of an order of the Water Resources Director entered March 30, 2015, approving Transfer Application T-11915 and cancelling a portion of the water right.

This certificate is issued to correct a scrivener error on Certificate 44830, State Record of Water Right Certificates. Certificate 44830 incorrectly described the number of acres in the SW1/4 SE1/4 by transposing the number of acres of primary irrigation and the number of acres of supplemental irrigation.

The issuance of this superseding certificate does not confirm the status of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

The right to the use of the water for the above purposes aforesaid is restricted to the lands or place of use herein described and is subject to the existing minimum flow policies established by the Water Policy Review Board.

WITNESS the signature of the Water Resources Director, affixed March 30, 2015.
