NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

When required by the Department, the water user shall install and maintain a headgate, an in-line flow meter, weir, or other suitable device for measuring and recording the quantity of water diverted. The type and plans of the headgate and measuring device must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

When required by the Department, the water user shall operate and maintain the headgate and measuring device, as needed. The water user shall report total flow figures when requested by the Watermaster. The Watermaster may operate the headgate and monitor the accuracy of the measuring device, as needed.

Water shall be acquired from the same surface source as the original point of diversion.

The water user shall maintain a fish screen or fish by-pass device.

The right to the use of the water for the above purpose is restricted to beneficial use on place of use described, and is subject to all other conditions and limitations contained in said decree.

This certificate is issued to confirm a change in POINT OF DIVERSION approved by an order of the Water Resources Director entered AUGUST 12, 2003, at Special Order Volume 57, Page 1295, approving Transfer Application 8832, supercedes Certificate 25831, State Record of Water Right Certificates.

Issued APR 24 2015.
