Water shall be acquired from the same aquifer (water source) as the original points of appropriation Well 16 and Well 17.

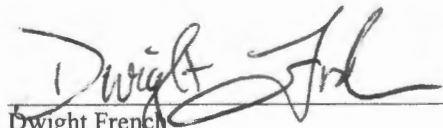

The quantity of water diverted at the new points of appropriation, together with that diverted at the original Well 16 point of appropriation, shall not exceed the quantity of water lawfully available at the original points of appropriation.

The water user shall maintain an in-line flow meter or other suitable device for measuring and recording the quantity of water appropriated on each new proposed point of appropriation (well).

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described; however, water may be applied to lands which are not specifically described above, provided the holder of this right complies with ORS 540.510(3).

This certificate is issued to confirm changes in the CHARACTER OF USE, THE PLACE OF USE, AND ADDITIONAL POINTS OF APPROPRIATION approved by an order of the Water Resources Director entered JUNE 25, 2012, at Special Order Volume 87, Page 891, approving Transfer Application 10269, supersedes Certificate 51822, State record of Water Right Certificates.

Issued           OCT 05 2015          .
