The quantity of water at the new point of diversion, together with that at the old point of diversion, shall not exceed the quantity of water available at the old point of diversion.

NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

The following provisions shall be effective when in the judgement of the watermaster it becomes necessary to install headgates and measuring devices:

That the diversion works shall include an in line flow meter, a weir, or other suitable device for measuring the water to which the water user is entitled;

That the type and plans of the measuring device be approved by the watermaster before the beginning of construction work and that the weir or measuring device be installed under the general supervision of said watermaster.

The right to use water for the above purpose is restricted to beneficial use on the lands or place of use described and is subject to all other conditions and limitations contained in the decree.

This certificate is issued to confirm a change an ADDITIONAL POINT OF DIVERSION approved by an order of the Water Resources Director entered December 22, 1978, at Special Order Volume 31, Page 530, approving Transfer Application T-3876, and together with Certificate 47186 and 48289, supercedes Certificate 6867, State record of Water Right Certificates.
