The quantity of water diverted at the new points of diversion shall not exceed the quantity of water lawfully available at the original point of diversion described as follows:

Twp	Rng	Mer	Sec	Q-Q
14 S	14 E	WM	23	NW SE

The water user shall maintain and operate fish screens and/or by-pass devices, as appropriate, at the new points of diversion consistent with the Oregon Department of Fish and Wildlife's operational and maintenance standards.

When required by the Department, the water user shall install, maintain and operate an in-line flow meter, weir, or other suitable device(s) for measuring and recording the quantity of water diverted. The type and plans of the measuring device(s) must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

When required by the Department, the water user shall install, maintain and operate a headgate or headgates to control and regulate the quantity of water diverted. The type and plans of the headgate(s) must be approved by the Department prior to beginning construction and shall be installed under the general supervision of the Department.

The right to use water for the above purpose is restricted to beneficial use on the lands or place of use described.

This certificate is issued to confirm changes in PLACE OF USE, POINTS OF DIVERSION, AND PARTIAL CANCELLATION approved by an order of the Water Resources Director entered May 7, 2008, at Special Order Volume 74, Page 811, approving Transfer Application T-10233, and together with Certificate 83858, supercedes Certificate 6313, State record of Water Right Certificates.
