*Determination of Satisfactory Proof confirms the status of that portion of the water right for up to five years beyond the Order Date.

In addition, this Certificate includes the portions of the originating water right Certificate 76230, NOT modified by the provisions of orders listed in Table 1, above.

This certificate also corrects scrivener's errors in the measured distances descriptions for the points of diversion for Gate and Cabin Creeks.

This certificate supersedes Certificate 76230.

The issuance of this superseding certificate does not confirm portions of the water right in regard to the provisions of ORS 540.610 pertaining to forfeiture or abandonment.

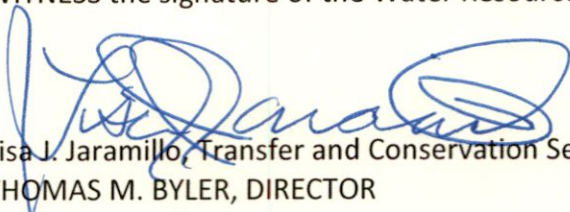

Failure to comply with any of the provisions of this right may result in action including, but not limited to restrictions on the use, civil penalties, or cancellation of the right.

This right is for the beneficial use of water without waste. The water user is advised that new regulations may require the use of best practical technologies or conservation practices to achieve this end.

By law, the land associated with this water use must be in compliance with statewide land-use goals and any acknowledged land-use plan.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described. The use confirmed herein may be made only at times when sufficient water is available to satisfy all prior rights, including rights for maintaining instream flows.

WITNESS the signature of the Water Resources Director, affixed JAN 27 2021.
