25 S	18 E	WM	22	SW NW	35.1

The quantity of water diverted at the additional point of appropriation, together with that diverted at the original point of appropriation, shall not exceed the quantity of water lawfully available from the original point of appropriation.

Water use measurement conditions:

- A. The water user shall maintain the totalizing and instantaneous flow meters or measuring devices, as approved by the Director, in good working order, at each point of appropriation (new and existing).
- B. The water user shall allow the Watermaster access to the meters; provided however, where the meters are located within a private structure, the Watermaster shall request access upon reasonable notice.

Water shall be acquired from the same aquifer (water source) as the original point of appropriation.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

This certificate is issued to confirm an ADDITIONAL POINT OF APPROPRIATION approved by an order of the Water Resources Director entered December 12, 2016, at Special Order Volume 103, Page 559, approving Transfer Application T-12385, supercedes Certificate 62459, State record of Water Right Certificates.
