

STATE OF OREGON

COUNTY OF CROOK

CERTIFICATE OF WATER RIGHT

THIS CERTIFICATE ISSUED TO

MARY E BOWLES
12174 SE REDTAIL LANE
PRINEVILLE OR 97754

confirms the right to the use of water perfected under the terms of Permit G-11684. The amount of water used to which this right is entitled is limited to the amount used beneficially, and shall not exceed the amount specified, or its equivalent in the case of rotation, measured at the well. The specific limits and conditions of the use are listed below.

SOURCE OF WATER: A WELL IN THE DRY CREEK BASIN

PURPOSE OR USE: IRRIGATION OF 2.5 ACRES

MAXIMUM RATE: 0.03 CUBIC FOOT PER SECOND

DATE OF PRIORITY: MARCH 24, 1992

The well is located as follows:

Twp	Rng	Mer	Sec	Q-Q	Measured Distances
16 S	16 E	WM	12	SE SW	1230 FEET NORTH AND 622 FEET WEST FROM S1/4 CORNER, SECTION 12

The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, is limited to a diversion of ONE-EIGHTIETH of one cubic foot per second, or its equivalent for each acre irrigated, and shall be further limited to a diversion of not to exceed 3.0 acre-feet per acre for each acre irrigated during the irrigation season of each year. The use shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use is as follows:

Twp	Rng	Mer	Sec	Q-Q	Acres
16 S	16 E	WM	12	SE SW	2.5

The quantity of water diverted at the new point of appropriation (Well #5), shall not exceed the quantity of water lawfully available from the original points of appropriation (Wells #1 and #2) described as follows:

Twp	Rng	Mer	Sec	Q-Q	Measured Distances
16 S	16 E	WM	12	SE SW	147 FEET NORTH AND 581 FEET WEST FROM S¼ CORNER OF SECTION 12
16 S	16 E	WM	12	SE SW	178 FEET NORTH AND 510 FEET WEST FROM S¼ CORNER OF SECTION 12

The wells shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works shall be equipped with a usable access port, and may also include an air line and pressure gauge adequate to determine water level elevation in the wells at all times.

NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

Measurement, recording and reporting conditions:

- A. The water user shall maintain the totalizing flow meter or measuring device, as approved by the Director, in good working order, at each new point of appropriation.
- B. The water user shall allow the Watermaster access to the meter or measuring device; provided however, where the meter or measuring device is located with a private structure, the Watermaster shall request access upon reasonable notice.
- C. The Director may require the water user to keep and maintain a record of the amount (volume) of water used and may require the water user to report water use on a periodic schedule as established by the Director. In addition, the Director may require the water user to report general water use information, the period of water use and the place and nature of use under the right. The Director may provide an opportunity for the water user to submit alternative reporting procedures for review and approval.

Water shall be acquired from the same aquifer (water source) as the original points of appropriation.

If substantial interference with a senior water right occurs due to withdrawal of water from any well listed on this right, then use of water from the wells shall be discontinued or reduced and/or the schedule of withdrawal shall be regulated until or unless the Department approves or implements an alternative administrative action to mitigate the interference. The Department encourages junior and senior appropriators to jointly develop plans to mitigate interference.

The Director may require pump tests every ten years.

Failure to comply with any of the provisions of this right may result in action including, but not limited to restrictions on the use, civil penalties, or cancellation of the right.

This right is for the beneficial use of water without waste. The water user is advised that new regulations may require the use of best practical technologies or conservation practices to achieve this end.

By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plans.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

This certificate is issued to confirm a change in POINT OF APPROPRIATION approved by an order of the Water Resources Director entered December 31, 2019, at Special Order Volume 114, Page 649, approving Transfer Application T-12280, and together with Certificate 94580, supercedes Certificate 91154, State record of Water Right Certificates.

Issued **JUL 01 2022**

Dwight French
Water Right Services Division Administrator, for
Thomas M. Byler, Director
Oregon Water Resources Department
