**NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW**

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

from the original point(s) of appropriation described as follows:

Twp	Rng	Mer	Sec	Q-Q	Measured Distances
16 S	17 E	WM	29	SE NW	WELL 2 – 1088 FEET NORTH AND 1405 FEET EAST FROM W1/4, SECTION 29
16 S	17 E	WM	29	NW SW	WELL 1 – 650 FEET SOUTH AND 18 FEET EAST FROM W1/4, SECTION 29

Water shall be acquired from the same aquifer (water source) as the original points of appropriation.

Water use measurement conditions:

- A. The water user shall maintain, in good working order, a totaling flow meters or another suitable measuring devices as approved by the Director at each point of appropriation.
- B. The water user shall allow the Watermaster access to the meters or measuring devices; provided however, where the meters or measuring devices are located within a private structure, the Watermaster shall request access upon reasonable notice.

This use of water shall be limited when it reduces the flow of water in Antelope Creek.

The well(s) shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works shall be equipped with a usable access port, and may also include an air line and pressure gauge to determine the water level elevation in the well at all times. When required by the Department, the water user shall install and maintain a weir, meter, or other suitable measuring device and keep a complete record of the amount of ground water withdrawn.

The Director may require water level or pump test results every ten years.

Failure to comply with any of the provisions of this right may result in action including, but not limited to, restrictions on the use, civil penalties, or cancellation of the right.

This right is for the beneficial use of water without waste. The water user is advised that new regulations may require the use of best practical technologies or conservation practices to achieve this end.

By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

The right to the use of the water for the above purpose is restricted to beneficial use on the place of use described; however, water may be applied to lands which are not specifically described above, provided the holder of this right complies with ORS 540.510(3).

This certificate is issued to confirm a change in POINT OF APPROPRIATION approved by an order of the Water Resources Director entered July 22, 2019, at Special Order Volume 113, Page 669, approving Transfer Application T-12998, supercedes Certificate 93507, State record of Water Right Certificates.
