

STATE OF OREGON
 COUNTY OF MORROW
 CERTIFICATE OF WATER RIGHT

THIS CERTIFICATE ISSUED TO

WILLOW CREEK DISTRICT IMPROVEMENT CO.
 C/O BRIAN THOMPSON
 55805 HWY 74
 HEPPNER OR 97836

BRIAN THOMPSON
 55805 HWY 74
 HEPPNER OR 97836

confirms the right to use the waters of WILLOW CREEK, tributary to the COLUMBIA RIVER, in Morrow County, Oregon for IRRIGATION OF 44.26 ACRES from March 1 to September 20 of each year and DOMESTIC USE.

This right was confirmed by decree of the Circuit Court of the State of Oregon for Morrow County. The decree is of record at Salem, in the Order Record of the Water Resources Director in Volume 1, at Page 73. The date of priority is from 1891 for the irrigation of twenty-five acres and from 1905 for the irrigation of twenty-three acres. The amount of water to which such right is entitled and hereby confirmed for the purpose aforesaid, is limited to an amount actually beneficially used for said purpose, and shall not exceed 0.42 cubic foot per second (cfs) as of date 1891 and 0.38 cfs as of date 1905.

The points of diversion are located as follows:

Twp	Rng	Mer	Sec	Q-Q	Measured Distances
2 S	26 E	WM	17	NW SE	POD #2 (ORIGINAL) - 1915 FEET NORTH AND 2670 FEET EAST FROM SW CORNER, SECTION 17
2 S	26 E	WM	27	NE NW	WCDIC POD (ADDITIONAL) - 1120 FEET SOUTH AND 1820 FEET EAST FROM NW CORNER, SECTION 27

A description of the lands irrigated under such right, and to which the water hereby confirmed is appurtenant, or, if for other purposes, the place where such water is put to beneficial use is as follows:

Twp	Rng	Mer	Sec	Q-Q	Acres
2 S	26 E	WM	17	NE NW	1.0
2 S	26 E	WM	17	NW NW	28.0
2 S	26 E	WM	17	SW NW	4.0
2 S	26 E	WM	17	SE NW	8.87
2 S	26 E	WM	17	NE SW	2.39

Water use measurement conditions:

- A. The water user shall maintain the totalizing flow meter or other suitable measuring device as approved by the Director in good working order at each new point of diversion.
- B. The water user shall allow the Watermaster access to the meters or measuring devices; provided however, where the meters or measuring devices are located within a private structure, the Watermaster shall request access upon reasonable notice.

NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

In order to avoid enlargement of the right or injury to other rights, it is preferable to have a flowmeter installed that reads instantaneous, totalizes, and has real-time access so the Watermaster can access the flow data. However, if the flowmeter will not work and provide the real time data, the Watermaster can approve an alternative type of measuring device that will provide instantaneous data, totalizes, and will provide real time access to the flow data.

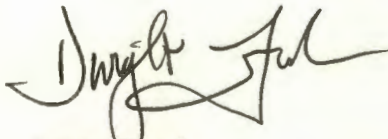

The quantity of water diverted at the additional point of diversion, together with that diverted at the original points of diversion, shall not exceed the quantity of water lawfully available at the original point of diversion.
The water user shall maintain a headgate to control and regulate the quantity of water diverted as required by the Department.

The water user shall operate and maintain the fish screen at the new point of diversion consistent with Oregon Department of Fish and Wildlife's (ODFW) operational and maintenance standards. If ODFW determines the screen is not functioning properly, and is unsuccessful in working with the water user to meet ODFW standards, ODFW may request that OWRD regulate the use of water until OWRD receives notification from ODFW that the fish screen is functioning properly.

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described and is subject to all other conditions and limitations contained in the decree.

This certificate is issued to confirm a change in ADDITIONAL POINT OF DIVERSION approved by an order of the Water Resources Director entered MARCH 6, 2017, at Special Order Volume 104, Page 37, approving Transfer Application T-11699, supersedes Certificate 114, State Record of Water Right Certificates.

Issued OCT 07 2022

Dwight Erench
Water Right Services Division Administrator, for
Douglas E. Woodcock, Acting Director
Oregon Water Resources Department
