The wells shall be maintained in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works constructed shall maintain an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation at all times.

Water shall be acquired from the same aquifer (water source) as the original point of appropriation.

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described.

The use of the water shall be limited when it interferes with any prior surface or ground water rights.

This certificate is issued to confirm a change in PLACE OF USE approved by an order of the Water Resources Director entered December 22, 2014, at Special Order Volume 93, Page 974, approving Transfer Application T-11629, and together with Certificate 89345, supersedes Certificate 86160, State record of Water Right Certificates.
