NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

Water use measurement conditions:

- A. The water user shall maintain the totalizing flow meter or other suitable measuring device as approved by the Director in good working order at each point of diversion (new and existing).
- B. The water user shall allow the Watermaster access to the meter or measuring devices; provided however, where the meters or measuring devices are located within a private structure, the watermaster shall request access upon reasonable notice.

The water user shall operate and maintain the fish screen at the new point of diversion consistent with the Oregon Department of Fish and Wildlife's (ODFW) operational and maintenance standards. If ODFW determines the screen is not functioning properly, and is unsuccessful in working with the water user to meet ODFW standards, ODFW may request that OWRD regulate the use of water until OWRD receives notification from ODFW that the fish screen is functioning properly.

The quantity of water diverted at the additional points of diversion, together with that diverted at the original point of diversion, shall not exceed the quantity of water lawfully available at the original point of diversion.

The right to the use of the water for the purpose aforesaid is restricted to the lands or place of use described herein described and is subject to all other conditions and limitations contained in Certificate 43742.

The right to the use of the water for the purposes aforesaid is restricted to the lands or place of use herein, and is subject to the existing minimum flow policies established by the Water Policy Review Board.

This certificate is issued to confirm changes in ADDITIONAL POINTS OF DIVERSION, PLACE OF USE, AND CHARACTER OF USE approved by an order of the Water Resources Director entered MARCH 20, 2017, at Special Order Volume 104, Page 240, approving Transfer Application T-12496, and together with Certificate 92331, supersedes Certificate 43742, State Record of Water Right Certificates.
