**NOTICE OF RIGHT TO PETITION FOR RECONSIDERATION OR JUDICIAL REVIEW**

This is an order in other than a contested case. This order is subject to judicial review under ORS 183.482. Any petition for judicial review must be filed within the 60-day time period specified by ORS 183.482. Pursuant to ORS 183.482, ORS 536.075 and OAR 137-003-0675, you may petition for judicial review and petition the Director for reconsideration of this order. A petition for reconsideration may be granted or denied by the Director, and if no action is taken within 60 days following the date the petition was filed, the petition shall be deemed denied.

Water use measurement conditions:

- A. The water user shall maintain the totalizing flow meter or other suitable measuring device as approved by the Director in good working order at each point of diversion (new and existing).
- B. The water user shall allow the Watermaster access to the meter or measuring devices; provided however, where the meters or measuring devices are located within a private structure, the watermaster shall request access upon reasonable notice.
- C. The Director may require the water user to keep and maintain a record of the amount (volume) of water used and may require the water user to report water use on a periodic schedule as established by the Director. In addition, the Director may require the water user to report general water use information, the periods of water use and the place and nature of use of water under the right. The Director may provide an opportunity for the water user to submit alternative reporting procedures for review and approval.

The water user shall operate and maintain the fish screen at the new point of diversion consistent with the Oregon Department of Fish and Wildlife's (ODFW) operational and maintenance standards. If ODFW determines the screen is not functioning properly, and is unsuccessful in working with the water user to meet ODFW standards, ODFW may request that OWRD regulate the use of water until OWRD receives notification from ODFW that the fish screen is functioning properly.

The quantity of water diverted at the new points of diversion shall not exceed the quantity of water lawfully available at the original point of diversion described as follows:

Twp	Rng	Mer	Sec	Q-Q	GLot	Measured Distances
27 S	6 W	WM	4	SE NW	1	ORIGINAL POD - 1620 FEET SOUTH AND 140 FEET WEST FROM N1/4 CORNER, SECTION 4

The use of water under this right is subject to the terms and conditions of contract I-90-8 (or satisfactory replacement) between Douglas County and individual water user, a copy of which is on file in the records of the Water Resources Department.

The water user shall not construct, operate or maintain any dam or artificial obstruction to fish passage in the channel of the subject streams without providing a fishway to ensure adequate upstream and downstream passage for fish. The water user is hereby directed to contact the Oregon Department of Fish and Wildlife Fish Passage Coordinator, Portland, Oregon before beginning construction of any in-channel obstruction.

Failure to comply with any of the provisions of this right may result in action including, but not limited to, restrictions on the use, civil penalties, or cancellation of the right.

This right is for the beneficial use of water without waste. The water user is advised that new regulations may require the use of best practical technologies or conservation practices to achieve this end.

By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan.

The use of water allowed herein may be made only at times when sufficient water is available to satisfy all prior rights, including prior rights for maintaining instream flows.

The right to the use of the water for the above purpose is restricted to beneficial use on the place of use described and is subject to all other conditions and limitations contained in Certificate 91507..

This certificate is issued to confirm changes in POINTS OF DIVERSION, PLACE OF USE, AND CHARACTER OF USE approved by an order of the Water Resources Director entered MARCH 20, 2017, at Special Order Volume 104, Page 240, approving Transfer Application T-12496, and together with Certificate 92334, supersedes Certificate 91507, State Record of Water Right Certificates.
